

The Jewish Giving Circle Movement

When a group of friends, family, or co-workers pool their charitable donations and decide together where to give, it's called a giving circle.

Amplifier is a global network of giving circles motivated by Jewish values.

Why join a giving circle?

IT'S SOCIAL

Circle members do more than grantmaking. They also build a Jewish community that breaks bread, hosts events, and creates lasting friendships.

IT'S HANDS-ON

Giving circle members learn about new issues and causes, engage with nonprofits directly, and make giving decisions together.

IT'S POWERFUL

No matter how much each member contributes, giving together means your impact is amplified many times over.
